

Manage all your spending wherever and whenever it happens

Concur provides automated, fast and accurate expense reporting.

Say goodbye to missing receipts, error-prone spreadsheets and limited visibility—and say hello to accurate expense reports that automate, simplify and improve the expense management process.

Concur® Expense integrates all your expense data, so you can effectively manage and control spending no matter where it happens. With Concur, you can easily connect the different pieces and partners of your expense ecosystem—integrating travel spend, accounting and corporate card data into a system that manages the entire expense process from request to reconciliation. You get complete visibility into your total spend and the transparency to see every detail of each transaction. And everyone in your organisation can manage the entire process from any device.

Manage expenses from anywhere with the right mobile tools.

Create and submit expense reports

Review and approve on the go

Managers can review, approve or reject expense reports from their smartphones.

Why Concur?

Connect all your spend data in a single system

Concur Expense integrates all your expense data into a single system so you can manage your spend end-to-end.

See all your spending to get more control

Concur Expense gives you visibility into total company spending down to each detailed transaction, so you can manage budgets more effectively, forecast more accurately and achieve corporate compliance.

Simplify the process for everyone

Concur makes the entire expense management process easy—from system implementation to submitting expense reports—so you and your entire team can focus on what matters most for your business.

How it works

Receipt images

Corporate Card Charges

Supplier E-receipts

Capture spend from multiple data sources

Concur makes it easy to import receipt images, while connecting to suppliers and matching line items to American Express or other corporate credit card data, helping you create more accurate expense reports.

Faster approvals

With more accurate data and the Concur mobile app, managers can review and approve expense reports faster—anywhere, anytime.

Expenses made easy

Data flows automatically into Concur Expense, so employees save time by quickly creating and submitting accurate, in-policy expense reports.
